

# PEVASTAR

Concentrated **Hand Cleaner** with double effect for the removal of heavy soiling such as oil, grease, dusts, etc.

## PROPERTIES

**PEVASTAR** effectively removes heavy soiling such as oil, grease, lubricants, dusts, various types of paint, toner, etc.

- ✓ cleanses thoroughly and gentle to the skin, with natural refatting.
- ✓ is flowable and therefore suitable for many dispenser systems (see reverse side).
- ✓ is suitable for use in various industrial sectors.

## COMPOSITION

**PEVASTAR** consists of selected, high-quality raw materials, which account for the good cleaning capacity and good skin tolerance of the product and which are to a large extent of plant origin.

- contains an optimally balanced, synergistic surfactant system.
- contains finely ground corn cob meal as an abrasive.  
The threshed corn cob is a waste product, so that there is no competition with food.
- corn cob meal does not clog any drains.
- contains ingredients made of coconut fat, which ensure a good refatting of the skin after washing.
- is pH-neutral to skin
- is free of silicone and solvents
- is dermatologically tested with the rating „very good“.

## APPLICATION

Rub **PEVASTAR** into dirty, dry hands until the dirt dissolves. Add some water, wash thoroughly and rinse well.

**PEVASTAR** is economical in use. One dispenser dosage quantity is sufficient for thorough manual cleaning.

*Note: Avoid contact with eyes. If it comes to contact with eyes, flush with large amounts of water.*

## PRODUCT DESCRIPTION

**PEVASTAR** is a light beige, flowable Hand Cleaner.  
pH-value: 4.1 – 5.1  
Density: approx. 0.89 g/cm<sup>3</sup> (20°C)

## LEGAL REGULATIONS

**PEVASTAR** is subject to the EU Cosmetics Regulation and in Germany to the Food, Consumer Goods and Feed Code (LFGB).

All our cosmetic products are manufactured according to GMP (Good Manufacturing Practice) and undergo microbial quality control. (as required by the EU Cosmetics Regulation).

## STORAGE INFORMATION

**PEVASTAR** can be stored in closed original containers at room temperature for at least 30 months. The contents must be used within 12 months of the container being opened.

## SKIN CARE TIPS

In the unavoidable handling of harmful substances, a suitable skin protection agent should be used to prevent skin damage before starting work (e. g. the generally applicable skin protection lotion **PEVAPERM**).

After work, the skin should be regularly rubbed with a suitable skin care product (e. g. **PEVALIND**, the active substance-rich skin care lotion) to regenerate the skin.

## FURTHER INFORMATION

Group leaflets, specifications and dermatological reports are available on request. Certificate: The product passed dermatological-allergological tests carried out under medical supervision with the rating „very good“.
